# Easy & Light-Weight

Don't settle for cookie cutter booth solutions that try to make you like everyone else. We build every booth to match the specific needs that your company has so that you can maximize your budget and simplify setup.

## PATENTED KLIK™ MAGNETIC DISPLAY SYSTEM

Our innovative approach to building tension fabric booths has been recognized with an exclusive patent for our Klik™ Magnetic Display System that saves you time and simplifies the installation process. It's so simple that it seems like magic! We have recently added SEG Frames (Silicone Edge Graphics) to our Klik™ family.

**WE SPECIALIZE IN BOOTH SIZE FROM 20x20 TO 10x10**
